

January/Ionawr 2026

Dear Parents and Carers,

Thank you for your patience and understanding as we prepare to complete our move to Arbor.

As we enter this final stage of transition, we would like to invite parents and carers to begin familiarising themselves with the Arbor Parent Portal and Parent App. This will ensure you are ready to access information and receive communications once the system is fully live.

[Getting started - Log into the Parent Portal and the Parent App](#)

Arbor also provides a range of free support and training resources for parents and carers, which can be accessed [here](#).

Further information about registering for the Parent App and linking your child's account will be shared shortly. Please look out for this communication and follow the instructions provided when prompted.

We are grateful for your continued support during this period of change and appreciate your cooperation while we embed the new system.

Kind regards / Cofion cynnes,

Emma Aston

Assistant Headteacher (Personal Development and Community Engagement)
